

Arty Party Breaks

Join Vicki Griggs, a professional artist who has dedicated her life to art will be running art classes that are designed to inspire you to find joy in painting, enhance your skills, and discover your inner artist.

This course is suitable for all levels, from total beginners to intermediates. You will benefit from individual tutoring, group demonstrations, and continuous guidance. The classes will be held both outside on the ship and in the art studio. We will also venture onshore to capture beautiful locations and draw inspiration from various surroundings.

The two escorted group cruises will include, approximately 15 - 20 hours of art instruction over the duration of the cruise. The art instruction package will be charged at £285 per person, for each guest that would like to participate in the painting sessions.

Watercolour materials will be available, but if you would like to bring your own or use a different medium you are very welcome. Vicki can guide you in most mediums.

Vicki will also be hosting additional 'Brushes & Bubbles Painting Parties' held in the evenings, which will be open to all guests on board, in the Arts & Crafts Studio at a small additional charge (cost to be advised & charged to the guests on board cruise accounts).

**To find out more please contact Vicki Griggs directly on email
